

Thematic Units

Teaching Thematic Areas

- **Medical Biochemistry**
- **Veterinary Biochemistry**
- **Agricultural Biochemistry**
- **Molecular Biology, Genetics and Biotechnology**
- **Protein and enzyme Biochemistry**
- **Nutritional Biochemistry**
- **Parasite Biochemistry**
- **Molecular Virology**

Research Thematic Areas

- **Diagnostics**
- **Molecular genetics of Vectors and Parasites**
- **Microbial Biochemistry and Bioprospecting**
- **Reproductive and Molecular Immunology**
- **Molecular Virology**
- **Nutrition and Value Addition**
